## 2025 Mountain West Veterinary Conference Keynote Speaker

Globally renowned consultant and speaker, Senani, started her career as an RVT 23 years ago and has received multiple awards for her contributions to veterinary medicine, including the 2021 RVTTC Canadian RVT of the Year, and the Founders Award from Dr. Andy Roark's Uncharted Veterinary Community.

Senani has been educating veterinary professionals since 2004. She used her experiences and knowledge as an RVT, combined with her natural way with words, to become a catalyst for change within the industry by founding Motivatum Consulting.

She has gained a unique perspective by working in practice, industry, and with a corporate group. Her work spans from management consulting with practice owners and managers, to mentorship and professional development of veterinarians and credentialed technicians, to full team workshops and training. In 2020, she joined the team at Vet Alliance, supporting over 400 independently owned hospitals across Canada. She is currently their National Director, Engagement and Practice Services.

She believes that success in patient care, client experience, and business practices, comes from focusing on strong leadership, full team utilization, communication skills and culture development. She is best known for challenging perspectives, problem solving, and her authentic and honest approach.

Passionate about the longevity of our industry, she uses her voice to be an advocate at any, and every, opportunity. She is a Past President of the Ontario Association of Veterinary Technicians, and was the first non-DVM President of the Toronto Academy of Veterinary Medicine.
